

Water Filtration

Alpha Plumbing

The time has come to upgrade the water filtration system in your home!

Consider Alpha Plumbing's carefully curated offerings when it comes to water filtration. Alpha's solutions pair timeless reliability with serviceability, making our options the last ones you will ever need.

Alpha Plumbing's Process Includes:

01

Brand Agnostic Policy

Our industry-leading experience means we have already vetted the best heating equipment from global markets. *We have no official allegiances or ties.*

02

Customer Information

Educating our customers is our goal with each and every project. The more information we can give you, the better equipped you are to make informed decisions.

03

Minimal Customer Disruption

Our customer service commitment includes working with you to schedule project time slots that are mutually acceptable.

04

Floor Protection

Once we have evaluated which flooring surfaces will be high traffic areas for your project, a custom floor protection solution will be offered.

05

Extended Warranty

Our work continues well past the date of installation and job completion. Your technician will walk you through a customized service plan for your new filtration system.

06

CO Inspection

Your technician will offer a complimentary 10-point carbon monoxide inspection of the gas appliances and CO monitoring systems in your home.

If this process sounds like what you're looking for, please contact us today!

How do I know which filtration system is right for my home?

Our promise is to make honest recommendations based on what is best for your home. We work with many different brands to provide our customers with the best quality possible.

How long will this job take?

Filtration installations/replacements usually can be completed in one day.

New plumbing equipment can be a significant investment. How do service/warranty programs work?

Alpha Plumbing will be your point of contact for all warranty registration and fulfillment needs. We will register your new equipment and take care of all the paperwork for you.

Is financing available?

Yes! We offer flexible payment plans.

Costs for filtration systems can vary in both scope of work and price. Typically for residential work, costs can range between
\$350-\$1,999 + gst
or flexible monthly payments from \$15
